Monthly Expense Detail by Member Report Information

The per diem amounts shown on this report represent the amount a member was paid during the calendar year of 2021. Per diem days are reported at the time they are paid. This means the days they were paid for during calendar year might not be for days serviced during the calendar year. Because the law allows the members to claim and be paid for per diem days from a legislative year until April 15 of the following legislative year the per diem amounts on this report could represent two legislative years and could include per diem for former members even after their term has ended.

Session per diem is paid on a weekly lag. Therefore the session amounts on this report are for the 2021 regular session held from January thru March and the 2021 special session held in November. In 2021 there were 40 days of regular session and 14 days of special session. During session, members are paid one round trip mileage per week.

Members who live within 50 miles of the Capitol have their per diem taxed per IRS regulations. The per diem and salary amounts on this report are gross amounts and do not take into account any reduction of these amounts due to taxes withheld.

The per diem rate was increased effective September 1, 2021 from \$173 to \$247 and applies to the dates serviced September 1 and after.

The member's salary is paid on a monthly basis. On the report the amount they were actually paid for salary during calendar year 2021 is listed. This is why the salaries on this report will differ from their salaries listed on the Open Georgia website which lists salary by fiscal year (ex. July 1, 2020 to June 30, 2021).

Glossary of Terms

Committee to Execute Legislative Duties – These are days members can claim per diem and mileage for performing their legislative duties that are not associated with a committee they are assigned to

Committee of One Day Session Recess – These are single days during session that are between two session days that members can claim per diem for performing their legislative duties

Special Purpose Day – Additional days given to members by the Speaker for a specific purpose that is not associated with a committee the member is assigned to

Official Voucher – These are days members who are Officials can claim per diem and mileage for performing their legislative duties that are not associated with a committee they are assigned to

Session Voucher – These are the days member were paid for either regular session or special session

Travel – This is the amount of mileage paid
